

## A NOTE FROM THE RECTOR REOPENING

We're excited to be reopening our Church on Sept. 13th and I can't wait to see all of you! There are some regulations that we must follow.

1. You have to preregister for services. Call the office from Monday to Wednesday. If you are in a bubble with others, we ask that you please register together. If for some chance you are unable to reserve a pew, you will be registered first for the next Sunday. To register, we need your name and contact information as required by the Chief Medical Officer. No walk-ins will be allowed.
2. You have to wear a mask when entering the church. Once seated you may remove it but if you move from your pew you must wear it again. I will be wearing a mask when I come to your pew to distribute Communion (bread only). I ask that you have your mask on, and when I move away, you may take off the mask and consume the bread.
3. We are in the process of buying cameras to live stream the services. This may take a few weeks for placement and training. Please bear with us.
4. Facilitators will guide you to your pew and when exiting. You will not be able to sit in your regular pew. We will be tagging the pews so we can deep clean them after the service.
5. Please review the "Many members, one body" guidelines as set out by the Diocese. I sent these out in June and they can be downloaded from the Diocesan Website: [anglicanenl.net/home/covid1o9/](http://anglicanenl.net/home/covid1o9/)

Blessings,  
Rev. Gail
